Thank you to all of you who raised money for the Heart Foundation - Jumping June. Our Edmonton Community raised over \$7,000. This is a huge achievement. If you ordered a prize it will be coming in a few weeks time.

Our Parent Interviews are next week and it is great to see so many bookings already made for times with teachers. This is a wonderful opportunity to share the successes and work together for next steps.

We have two exciting events on the same day for you. Please book in and come to our Curriculum - Structured Literacy meeting which is starting at 9.15 in the hall just after you drop your children off. This is followed by our Board Hui who will share our achievements since our last hui and work with you on where to next.

I look forward to seeing many of you next week at our events, and parent, teacher conferences.

When I am 100 I will look forward to seeing my grandchildren. I will also look forward to going to bed. I will probably not be able to see that well so I will need glasses. When I am 100 I will live in a peaceful and quiet village. I will probably have false teeth. I will probably not be able to hear that well so I will need some hearing aids to hear better. I will probably have gray hair and a sore back. I will be a century old

By Alex.

I will stay in bed and I will look forward to a cup of tea. I will sew things for my grandchildren. I will look forward to seeing my grandchildren and I will also like to see my family. I will retire when I am 60. I will have wrinkles and I will need a walking stick. I like being 100.

When I am 100 I will have to live in a retirement home. When I am 100 I would look forward to seeing my wonderful grandchildren and I will have some cups of tea. When I'm 100 I will have a walking stick and some glasses and wrinkles and I will have some white hair and gray hair. When I'm very old I will walk slowly like a turtle. When I'm old I will not work and you call it being retired.

by Alyanah

When I am a hundred I will have wrinkles and I will have glasses. I will look forward to spending time with my grandchildren. My hobbies will be cooking, baking and sleeping. My hair will be white.

By Matin

When I am a hundred I want to do some knitting. I will eat some soft bread and eat soup. Sometimes I will watch the moon and the stars. My skin is going to have wrinkles and my hair will be gray.

### When I am 100 years old

By Room 7

Year 3 and 4

When I am 100 I am going to have glasses. I will walk slowly like a penguin. My grandchildren will come to my house. I will have gray hair and I will live in a village and I will be happy. 100 is the Best.

By Ava

When I am 100 I would look forward to seeing my grandchildren and to having a cup of tea. I would also live in a retirement home. While I am there, I would have lots of chats with my friends. I would have a walking stick, glasses, grey hair and wrinkles. Lastly, I would eat food like soup and bread because my teeth will fall out.

By Jenny.

When I'm 100 years old I will live in my home. I would look forward to seeing my grandchildren. I will have wrinkles, glasses, gray or white hair and I will need a walking stick. I will walk very slowly like a sloth. I would have yellow teeth or my teeth would fall out so I'm gonna have to eat food like soup or mushroom soup. When I walk I will have a bent back and shaky legs, but I can barely walk so I don't need to worry. By Athena

When I am 100 I would have wrinkles on my face, and do knitting to keep me busy. I would have lovely loving grandchildren and family that visits me every week. I would have a sandwich for breakfast. I would start losing teeth and memories, my hair would start turning gray. I would use glasses to see further and better. I would have a walking stick too for keeping my balance and not fall on the ground. I would be living in a retirement home.

### The playground

Crawling in the grass.  
Running on the field.  
Sleeping in the bark.  
It's the best place on earth.
